1. Introduction

1.1. Welcome to the Guide

Welcome to your Beanfield PVR guide!

This document will help you understand how your PVR and your storage work. You'll learn:

- The PVR storage options available to you
- How to record content when you've reached your PVR storage limit
- How to log in online to manage your PVR storage
- How to configure your PVR Settings

Looking to get a quick answer? Check out our FAQs on pg. 42.

If you'd like to talk to a Beanfield Customer Experience team member directly, you can contact us at 416.532.1555 | support@beanfield.com

1.2. About Beanfield PVR

Beanfield PVR is cloud-based, meaning there is no hard-drive on your set top box. When you record content it'll save to our private and secure cloud. Your recording will automatically be available on every TV with a set-top box in your home. Storing on the cloud means that if your set top box ever needs to be replaced, you won't lose your recordings.

Recording is incredibly easy! Just a simple click of the red **Record** button on your Beanfield remote, and away you go.

2. Storage Options

2.1. PVR Storage

As a Beanfield TV customer, you receive five (5) hours of FREE storage. You can also increase your storage by selecting the option that's right for you, starting at just \$5 per month. All of our PVR storage packages can be found here:

<https://www.beanfield.com/residential/tv/more-beanfield-tv>

Choose the storage that's right for you.

5 hrs	25 hrs	75 hrs	200 hrs
FREE per month	\$5 per month	\$10 per month	\$15 per month

To speak with one of our team members about increasing your storage, contact us at 416.532.1555 | support@beanfield.com

3. How Beanfield PVR Works

3.1. Scheduling Content

You can record your favourite episode, series, or movie with the click of a button. Content will be stored on our private cloud and you can watch it on any TV in your home that has a Beanfield set-top box.

Scheduling an Episode

Content can be scheduled to record immediately or scheduled for future. If you have sufficient storage space, you can schedule content to record immediately (refer to pg. 10 to learn how). Content can be scheduled to record in the future, as long as sufficient space has been created before the recording begins.

To create space, you can choose to:

1. Manually delete existing content
2. Choose one of our auto options (refer to pg. 36 to learn how to **Configure PVR Settings**)

4. Recording Content

4.1. Find Content to Record

To record content, please do the following:

1. Go to your TV Guide
2. Find the content that you want to record by scrolling up or down

CBC Toronto

4.3. Ready to Record

When your program is set to record, it will show a small red icon with REC or R.

The screenshot shows a TV guide interface for CBC Toronto. At the top left is the CBC logo and the text 'CBC Toronto'. Below it, the time '19:00 - 20:00' and the program title 'Schitt's Creek' are displayed. A short synopsis follows: 'After their business manager steals all of their money, the once-wealthy Roses are forced to move to the town of Schitt's Creek, which Johnny bought in 1991 as a joke gift'. Below the synopsis are icons for 'HD', 'CC', and 'NEW'. To the right is a small video thumbnail showing four people. Below the main content is a grid of program listings for 'Mon 15 Jan'. The row for '6 CBC TOR' at 19:00 shows 'Schitt's Creek' with a red 'REC' icon. The bottom of the screen features a navigation bar with icons for 'Show Only Subscribed Channels', '-2 Hours', '+2 Hours', '+24 Hours', 'Record', and 'Watch'.

5. Scheduling & Storage

Learn how scheduling works when you've reached your storage limit

5.1. Scheduling a Recording

The chart below outlines the process for scheduling a recording. This is especially useful if you've reached your storage limit.

5.2. Schedule a Recording that Starts Soon

If you are scheduling content that begins within 24 hours, you must have sufficient storage space to record.

- If you do not have enough storage, you will receive an **error message** (see image below).
- The message will prompt you to delete past recordings. You cannot schedule content within 24hrs until there is sufficient storage space.

Error Message

The screenshot shows a TV guide interface for CBC Toronto. A red box highlights an error message: "You do not have enough storage space to record this program. Please delete 1 hour of recordings and try again." The error message is positioned over the program details for "Schitt's Creek".

Program Details:
CBC Toronto
19:00 - 20:00
Schitt's Creek

5.3. Schedule a Recording that Begins 24hrs in the Future

beanfield METROCONNECT

Hi Jennifer,

It looks like you may go over your PVR quota soon. The show "The Late Show With Stephen Colbert" on Sep 19th at 11:35pm and any recordings that follow will fail unless you free up enough space before they air.

These are the recordings that you have scheduled:

Title	Date	Duration	Status
The Late Show With Stephen Colbert	2018-09-18	1:02:00	
The Late Show With Stephen Colbert	2018-09-19	1:02:00	over quota
The Late Show With Stephen Colbert	2018-09-20	1:02:00	over quota
The Late Show With Stephen Colbert	2018-09-22	1:02:00	over quota

You are currently using 3 hour(s) and 5 minutes out of your 5 hour(s).

You can schedule content to be recorded even if you have reached your storage capacity, as long as the content is scheduled more than 24hrs in the future.

- If you do not have sufficient storage space 24 hours before the recording begins, you will receive a warning email outlining all of your upcoming scheduled recordings (refer to **Warning Email** on pg.18 to learn more).
- If you do not delete stored content to make room for your new content, your Configure **PVR Settings** will come into play (refer to pg. 29 to learn how to **Configure PVR Settings**).

6. Storage Overage Notification

6.1. Warning Email

If you're over your storage limit 24 hours before your next scheduled recording, you'll receive a warning email.

The email will recap all of your upcoming recordings and summarize how many hours of storage you are using out of your total storage amount.

To record your next scheduled content, you must have sufficient storage available before it begins. To make space, you can manually delete content or refer to pg. 29 to learn how to **Configure PVR Settings**.

To learn how to manually delete content, refer to **Remove or Restore Recordings** on pg. 34.

7. Manage Beanfield PVR On Your TV

How to view your PVR recordings on your TV

7.1. Access PVR Recordings

To see your past PVR Recordings and Scheduled Recordings, please click on the **PVR button** on your Beanfield remote.

7.2 PVR Recordings Library Overview

In this PVR overview screen, you're able to access all of your current Recordings, Scheduled Content, and Rentals.

Recordings Scheduled Rentals

CityNews at 5

Password

Forgot password? Log In

To view and manage your PVR usage, please follow the steps below:

1. Go to beanfield.com
2. Choose **Residential**
3. Click “Log in” in the top right corner
4. Type in your email and password in the **MyBeanfield Portal**.
5. Click **Log In** to continue.

Note: If for any reason you cannot remember your password, click “**Forgot password?**”. This will trigger an email to reset your password.

If you do not receive an email, you may not have an account set up. Please contact support to assist.

416.532.1555 | support@beanfield.com

8.2. Main Page

The screenshot shows the main page of the Beanfield MetroConnect website. At the top, there are tabs for 'BUSINESS' and 'RESIDENTIAL'. Below the navigation bar, the user's name 'Jennifer Doe' is displayed in a green bar. To the right of the name is a link 'View my other accounts -'. Below the name, there are two service cards: 'Internet Access' and 'IPTV'. A green arrow points to the 'IPTV' card. To the right of the service cards is a 'My Account Summary' section. This section includes the customer number 'BF01034103', an 'Account Summary' table with a 'Last due' date of '\$0.00', and a 'TOTAL AMOUNT DUE' of '\$0.00'. There is also a 'PAY NOW' button.

4. On the **Accounts Summary page**, click on **IPTV**

The screenshot shows the 'IPTV' settings page. The user's name 'Jennifer Doe' is still visible at the top. Below the name, there is a section for 'Beanfield TV - Skinny Basic'. This section contains a table with two rows: 'Video on Demand' and 'PVR Beta'. Each row has a unique ID and a 'Settings' button. A green arrow points to the 'Settings' button for the 'PVR Beta' service.

5. Continue to PVR by clicking **PVR Settings**

9. PVR Recordings Summary

Learn how to navigate the PVR Recordings page, see your storage, and update your settings

9.1. Recordings Overview

This is the **PVR Recordings Summary** page.

On this page you'll find:

- A full **overview of your storage usage**.
- All of the content you've **recorded**.

You can use this page to:

- **View and manage** your storage.
- **Configure** your PVR settings.

To change your PVR settings and choose the best option for you, please do the following:

1. Click on **Configure PVR Settings**.

10.2. PVR Settings Options

On the **Configure PVR Settings** page you will see two options for automatically deleting content.

The screenshot shows the 'Configure PVR Settings' page. At the top left is the 'beanfield METROCONNECT' logo. To the right are navigation links: SERVICES, HELP/SUPPORT, NEWSROOM, CONTACT US, PROFILE, and LOG OUT. Below the navigation is a breadcrumb trail: Account > Packages > Recordings > Configure PVR Settings. A large green banner contains the title 'Configure PVR Settings'. Below the banner, there are two radio button options under the heading 'Setting':

- Cancel new recordings
Cancel new recordings once I go over my NPVR quota.
- Remove oldest recordings
Remove oldest watched recordings once I go over my NPVR quota.

At the bottom of the page is a green 'Save' button.

10.3. Cancel New or Remove Oldest Recordings

You must select one of the two options:

- 1. Cancel new recordings:** This will automatically cancel future scheduled recordings if you do not have enough PVR storage before a scheduled recording begins.
- 2. Remove oldest recordings:** This will automatically delete your oldest watched recorded content. If you have content that you want to hold on to, you'll have the option to lock them so that they cannot be deleted.
 - To learn how to **lock a recording**, please refer to **Lock Channels** on pg. 40.

Setting

Cancel new recordings
Cancel new recordings once I go over my NPVR quota.

Remove oldest recordings
Remove oldest watched recordings once I go over my NPVR quota.

Save

11. Lock Recordings

Learn how to lock recorded content to ensure they aren't deleted

11.1. How to Lock Recordings

Lock recordings to keep them from being deleted when you run over your PVR storage limit.

In order to lock a recording:

1. Ensure that **Remove Oldest Recordings** is selected in the **Configure PVR Settings** page.
2. Go back to the **Recordings Summary** page and scroll down to the list of your saved recordings.
3. Beside the recording name you will see a lock. Click the icon to lock the recording and prevent it from being deleted.

Unlocked		Seinfeld Highlights of 100	S06E15	2016-04-05 7:30 PM	30min	Recorded		
Locked		Seinfeld Highlights of 100	S06E15	2016-04-05 7:30 PM	30min	Recorded		

12. FAQs

Need an answer - Check out our Frequently Asked Questions

12.1. FAQs

Q: How many hours of storage do I receive?

A: You receive five(5) hours of FREE storage. If that's not enough, you can increase your storage to one of our packages found here:

<https://www.beanfield.com/residential/tv/pvr>

Q: How do I update my storage?

A: Please contact one of our support team members directly at 416.532.1555 | support@beanfield.com

Q: I can't remember my password to log in online. How do I recover it?

A: Simply click "Forgot Password" on the log in page (<https://my.beanfield.com>), type in your email, and a password reset email will trigger.

Q: Why am I getting an error message when I try to record a show?

A: You may not have enough space to record your content. Please check the amount of hours you have available to make sure you have space.

12.2. FAQs

Q: What happens if I don't delete enough space before a recording?

A: If you do not delete enough space, the system will either cancel your recording or delete your oldest recording. See pg. 36 to find out how to update your PVR Configurations.

Q: I deleted a recording. How long do I have to restore it?

A: You can restore a deleted recording up to 7 days after deleting it. After that time, the recording will be permanently deleted.

Q: Can I unlock a past recording if I've already locked it?

A: Yes, simply click the lock button again on the recording so that it appears unlocked – see pg. 40.
